**PURPOSE:** To ensure that NAHU purchases from the lowest cost qualified vendor meeting the specifications of the bid, and to ensure a fair and impartial bidding process. It will also ensure that needs are fully evaluated prior to goods or services being purchased or contracted.

**POLICY:** NAHU must follow a written process of competitive bidding, both as prescribed below and in accordance with written internal procedures developed by the Executive Vice President/CEO.

**PROCEDURE(S):** Items costing less than \$5,000 which are not purchased on an ongoing contractual basis are exempt from this P&P. Bids for items purchased on an ongoing contractual basis will be reviewed by the CEO and CFO no less frequently than every two years.

Items costing between \$5,000 and \$10,000 require a minimum of three written bids. Bids should be in response to bid specifications drafted by the appropriate department head, and reviewed by the CEO. Bids will be reviewed by the CEO and CFO and awarded to the lowest cost qualified bidder.

Items costing over \$20,000 are subject to the same rules as those above, but CEO's determination is confirmed by a majority vote of the Board of Trustees.

In cases in which there are fewer than three qualified vendors for a product, as determined by the CEO and CFO, fewer bids can be solicited, with Board of Trustees notification. This would occur only when research conducted by the CEO and/or staff eliminates one or more potential bidders from consideration

**FINANCIAL IMPACT:** None
