NAHU Hosts 89th Annual Convention

Hundreds of Healthcare Agents and Brokers Travel to San Diego to Learn, Develop and Network

(Washington, D.C.) – The National Association of Health Underwriters (NAHU) will host its 89th Annual Convention June 29 – July 2 at the Sheraton San Diego Hotel and Marina in San Diego, California. More than 700 health insurance professionals from all across the country will be in attendance.

At this premiere industry event, NAHU will focus its efforts on training health insurance professionals on how to adapt to the healthcare industry's ever-changing regulations and will provide networking opportunities and business-development tools.

"NAHU members are dedicated to helping consumers find the best and most affordable health insurance options that fit the unique needs of individuals, families and businesses across the country," stated Janet Trautwein, CEO of NAHU. "This is the place they come to access the tools and training necessary to deal with complicated compliance issues and guide consumers in their search for affordable and appropriate health coverage.

"This year's theme, 'Protecting Your Future,' is a key message throughout all of our speakers and programs. To that end, our keynote speaker is retired Master Sergeant Cedric King, recipient of the Bronze Star, the Purple heart, the Meritorious Service Medal and is a Four-time Best Range Competition competitor. King was severely injured by an Improvised Explosive Device, which caused him major internal injuries, permanent damage to his right arm and hand and amputation of both of his legs. His inspiring message on Adapting to Change is one that will leave attendees with renewed hope and motivation."

In addition to King, other industry professionals and legislative experts will address health insurance rules and give insight into business trends that affect the healthcare market. This year we brought the addition of a Health and Wellness Assembly as well as a Medicare breakout track. More than 20 professional development workshops will take place to offer a vast variety of education and helpful suggestions for insurance professionals in various roles.

The National Association of Health Underwriters represents 100,000 professional health insurance agents and brokers who provide insurance for millions of Americans. NAHU is headquartered in Washington, DC. For more information, please call Kelly Loussedes at 202-595-3074 or email kloussedes@nahu.org.
