Employers expect their agents, brokers and consultants to provide guidance about human resources and benefits management technology, and how it will impact staffing needs, improve ROI, remain compliant and their overall success.

The NAHU Benefits Technology Certification program will give you essential understanding of the various types of products and services available, how to assist your client with the discovery process about their known and unknown needs, helpful guidance on how to avoid the pitfalls associated with implementation and how to discuss associated costs. Most importantly, this class will make it clear why having this knowledge (and showing you do) is critical to your long-term success.

Course instruction will be delivered through NAHU’s Online Learning Institute: http://www.nahu.org/professional-development/courses
Contact Student Services: ProfessionalDevelopment@nahu.org or (844) 257-0990

Discounts offered to NAHU corporate partners and company groups over 25.
